25X1

1. On 9 and 10 February 1954, 123 locomotives were immobilized at Warsaw-Wschodnia because of a shortage of coal.
2. After searching in various stations, the locomotive sheds received six cars of coal to start up the most important trains.
3. As of the beginning of February 1954, the long distance trains have not been heated because of regulations ordering coal conservation.
